DCI WEEKLY REPORT

President's Intelligence Oversight Board (PIOB): Responded to two inquiries from the new PIOB Counsel, Robert Turner, including alleged CIA links to assassination plotting against Khomeini.

Conflict of Interest: On behalf of the Assistant General Counsel, acting as the Agency conflict of interest focal point, we conducted our first investigation of a potential case. One conclusion is that there is a need for additional education Agency-wide as to what constitutes conflict.

Inspection: Sent copies of the draft report, for factual correction or comment, to the DDS&T, DDO, DDA and Comptroller.
